Walkthrough: Act I

Let's get started!

After starting the game, you can begin a Start Journey, Continue an old one or Quit. Since you are reading this, I assume this is your first playthrough, so select Start Journey! After watching the intro you will find yourself at the **Montas College**. Go out of the computer library. Just a little bit down is a storage room. Walk inside and open the chest for some items. Now go north. You will stumble upon a girl – Anna – at the exit. She provides a side-quest. Leave the school after completing it or not.

Tip! At the west and east of the school's exit are doors that you can't see. They're indicated by blue arrows. Just walk up to them and press Enter or the Spacebar, or click on them with the mouse (and Melrose will walk up to them and go through).

Go down to the bus stop and take a ride downtown. At **Downtown Rowmo** go west until you reach the **Historical Museum**. Go inside. There will be a lady in purple running around at the entrance. She provides another side-quest. Leave the museum when finished here. Head back to the bus stop and take a ride to

Movearlane. Go down two streets and turn right. The house with the red roof and the rose in the garden is where Melrose lives with her parents (see the map below). Go inside.
